

HARVARD TEAM WILL GO WEST

To Play Exhibition Game
at Pasadena, Calif., on
New Year's Day

CRIMSON BEGAN
PRACTICE MONDAY

Change in Plans Is Due to
the Improved Coal
Situation

Cambridge, Mass., Dec. 11.—The Harvard university football team will play a western eleven at Pasadena, Cal., on New Year's day. The committee on athletics at Harvard today voted to recall its refusal of an invitation from the Carnival of Roses committee at Pasadena, in view of the improved coal situation. The Crimson eleven began practice yesterday.

JOINS HARTFORD CLUB.

Daniel Howley to Be Coach of Pitchers
Next Year.

Hartford, Conn., Dec. 11.—Daniel Howley, last season with the Detroit Americans as coach of pitchers, has been signed as next season's manager of the Hartford club of the Eastern league, it was announced last night by James H. Clark, owner of the local club.

FAST GAME PRESERVE

Is Contemplated in Southern Vermont
Largest in East Part of Country.

Within a short time there will be played in the hands of the owners of a tract of approximately 30,000 acres of cut-over timberland in the Deerfield river valley a report made by Fred Cressy of Brattleboro and Edwin S. Meigs of Montpelier of their explorations of the land, made for the purpose of determining its possibilities for a fish and game preserve on a large scale. The report is now in the hands of the law firm of Harvey, Maurice, Whitney & Fitts of Brattleboro, who had the survey made for the Deerfield Pulp company and the New England Power company, which companies have large real estate holdings in Wilmington, Somerset and other towns.

Much of the tract in question has
SEVEN BARKS

It may be possible that you don't know what SEVEN BARKS stands for, so we will enlighten you: It is a safe, remarkable remedy made from the extracts of seven different kinds of roots and herbs, every one of which has great medicinal value, scientifically blended and for nearly 50 years has been a reliable remedy for indigestion, constipation, liver, kidney and stomach disorders.

SEVEN BARKS has never been extensively advertised, but has enjoyed a wonderful and steady sale for nearly a half century, and purely upon its merits.

SEVEN BARKS has saved thousands of families doctors' bills, as well as untold suffering. It is inexpensive, only 50 cents per bottle, and the dose is from 10 to 20 drops in a little water after meals.

There is hardly a family but what some member is more or less frequently troubled with biliousness, indigestion, liver or kidney trouble. If you have never tried SEVEN BARKS, do not fail to do so, and watch the rapid and wonderful results.

Don't put off asking your druggist for SEVEN BARKS; if he does not happen to have it, he will get it for you.—Adv.

STIFF NECK, LUMBAGO

Aches and Pains of Rheumatism Sometimes Almost Unbearable.

There are weather conditions that make rheumatism worse. They are not the same in the cases of all persons. Some victims of this disease suffer more in dry, warm weather than in moist, cold weather, but all suffer more or less all the time.

The cause of rheumatism is an excess of uric acid in the blood, affecting the muscles and joints. Hence the blood must have attention for permanent results in the treatment of this disease.

Hood's Sarsaparilla has given entire satisfaction in thousands of cases. Do not fail to give it a trial.

If a laxative is needed, take Hood's Pills—they don't gripe.—Adv.

The pore-cleansing, purifying and sterilizing properties of this wonderful skin soap, using plenty of hot water and soap, best applied with the hands, will prove a revelation to those who use it for the first time. Touch pimples, redness, roughness or itching, if any, with Cuticura Ointment before bathing. Dry and dust lightly with Cuticura Talcum, a fascinating fragrance for powdering and perfuming the skin. The cost of these ideal skin purifiers is 25 cents each everywhere.

Sample Box Free by Mail. Address: Cuticura Dept. 57, Boston. Sold everywhere. Soap 25c. Ointment 25c. Talcum 25c.

been cut over in the past several years, but there is growing timber upon it and by making it a vast fish and game preserve it would be serving a useful purpose during the period required for reforestation and while the timber is growing to marketable size.

In order to ascertain the exact conditions of the tract with respect to fish, game, ponds, streams, bogs, possibilities for pond sites for the propagation and culture of fish, as well as the possibilities of the country for maintaining wild life, Mr. Cressy and Mr. Meigs began about a month ago the task of visiting and inspecting the various lakes, keeping a careful record of their work, and this record has just been filed, with their report, with the law firm above mentioned.

The explorers found a large number of signs of game, including bears, deer, wildcats, etc., besides a quantity of fish, but the brooks need to be restocked. Whether anything will come of the project, which in extent is beyond anything in the line of a fish and game preserve now existing in the eastern part of the United States, cannot be stated until the owners of the property have examined the report and had time to consider the matter in its various phases in the light of the information that the report contains.

If the plan which the owners have in mind seems feasible and desirable it is expected that the preserve will be enclosed in a substantial wall and doubtless a fish and game club organized, and in this connection the proximity of the tract to Boston and New York makes its possibilities seem almost limitless.

BERLIN CORNER

Married, Tuesday, Dec. 10, at noon, in the Congregational church parsonage, Berlin Corners, by Rev. Frank Bloomfield, Lord Lennox of West Berlin to Florence Lord.

CLEMENCEAU IN LONDON

French Premier Will Consult With British and French Officials

CROWDS CHEERED
NOTED VISITOR

Clemenceau Missed Special Train Because of Rough Channel Passage

London, Dec. 11.—Georges Clemenceau, premier of France, arrived here this morning at about 10 o'clock. During his stay in London he will confer with Premier Lloyd George and Vittorio Scialoja, foreign minister of Italy. A special train had been sent to Folkestone to meet M. Clemenceau but the French destroyer on which the premier crossed the channel encountered rough seas and its captain decided to proceed to Dover instead.

Crowds outside and inside Victoria station cheered the arrival of the French premier, who was greeted by Premier Lloyd George, Carl Curzon of Kedleston, secretary of state for foreign affairs, and Walter Hume Long, first lord of the admiralty. When the premier greeted Mr. Lloyd George, he said in English: "I am glad to see you."

The premier then drove to the French embassy.

The two prime ministers began their private conference in Mr. Lloyd George's official residence in Downing street at 11 o'clock. It was generally expected that their discussions would continue through today and to-morrow. The British premier abandoned his usual Thursday visit to the House of Commons in order to place his time entirely at the disposal of M. Clemenceau.

CLEMENCEAU GOES TO LONDON.

Left Paris Last Night to Confer with Lloyd George.

Paris, Wednesday, Dec. 10 (Havas).—Premier Clemenceau left Paris at 10 o'clock to-night for London, where he will confer with Premier Lloyd George on vital questions relating to the political situation.

**FEW FOLKS HAVE
GRAY HAIR NOW**

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and luster and gives it an appearance of abundance.—Adv.

"OUCH! THAT OLD RHEUMATISM!"

Just get out that bottle of Sloan's Liniment and "knock it galley-west!"

WEREN'T prepared for that quick switch in temperature, were you? Left you stiff, sore, full of rheumatic twinges? You should have had a bottle of Sloan's Liniment handy—that would have soon eased up the muscles, quieted the jumpy, painful, affected part—generally, *trouble rubbing*, bringing gratifying relief.

Helpful in all attacks of lumbago, sciatica, external soreness, stiffness, strains, aches, sprains. Get a bottle at your druggist's. 35c., 70c., \$1.40.

Says His Prescription

Has Powerful Influence

Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenhu Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times the terrible disease left him helpless and unable to work. He finally decided, after years of restless sleep, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind, he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery to others who took it, with what might be called marvelous success. After years of the disease he is now a well-known druggist and his discovery through the newspapers. The Red Cross Pharmacy has been kind enough to put Allenhu in this vicinity, with the understanding that they will freely return the purchase money to who state they received no benefit.—Adv.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with coated tongue, foul breath or a dull headache; or if your meals sour and ferment, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to headaches, backaches, bilious attacks, constipation or stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.—Adv.

PRESIDENT WILSON BLAMED.

Sugar Shortage Charged to Him by Senator McNary.

Washington, Dec. 11.—Responsibility and remedies for the present sugar situation were discussed at length in the Senate yesterday when the McNary bill to continue the United States sugar equalization board another year was brought up. Prolonged debate prevented a vote on the measure.

President Wilson was charged by Senator McNary, Republican, Oregon, author of the bill, with major responsibility for the sugar shortage through failure to act on the board's repeated recommendations last summer to purchase Cuban sugar. Senator Harrison, Democrat, of Louisiana, declared the board did not need advice from the president.

The McNary bill was opposed by senators from the cane and beet sugar producing states, while other senators joined in Senator McNary's plea for continuation of government control of sugar to protect consumers from exorbitant prices.

The present sugar shortage, Senator McNary continued, is "physiological and not actual."

"When it became known that the president had neglected to buy the Cuban crop and that there was a short Louisiana crop, speculation became rife and everybody, housewives included, hoarded sugar," declared the senator.

WASHINGTON

Having purchased the stock and goods of the Tilletson store in Washington village we will make special discounts on everything in the general stock for the remainder of this week. After that time goods will be moved away. We have an assortment of earthen jars, groceries, boots and shoes, etc. Dodge & Hawes.

Mr. and Mrs. Patrick Coughlin and Mr. and Mrs. Albert Longchamp of Graniteville were week-end visitors at Mr. and Mrs. William Scott's. Royal Downing of Graniteville spent the week of deer hunting here and in the Orange and Washington mountains.

Mr. and Mrs. Ralph Downing have returned to Washington from their honeymoon of two weeks.

Ella Latulippe Menard, sentenced from Burlington to the state prison at Windor a few weeks ago, escaped from that institution recently and had got as far as North Hartland in an automobile, on her way to White River Junction, when she was overtaken by prison authorities, who took her back.

THOUSANDS OUT OF HOMES

And Millions of Dollars
Damage Caused by
Floods

SOUTHERN STATES
ARE SUFFERERS

Loss of Life Was Small—
Houses Swept Away
by Water

Atlanta, Ga., Dec. 11.—Several thousand persons were homeless to-day and many more out of employment as a result of flooded rivers in Alabama, Georgia and Mississippi. Railroad schedules, particularly in lower Alabama and Mississippi, were demoralized and property loss was estimated in millions. Rivers in the three states had reached their highest stages in many years as a result of the heavy rains of the first part of the week, but generally were receding to-day.

Huntsville, Miss., was the only city isolated by the waters, although a score of others were nearly cut off. It was estimated that 2500 persons, chiefly negroes, were homeless as a result of floods around Huntsville and Murden.

Hundreds of other residents of the flood sections were forced to flee, but the loss of life was remarkably small. Two trainmen lost their lives yesterday in Mississippi in wrecks due to washed-out bridges. One man was drowned at Meriden, Miss., and two women and a soldier were drowned Tuesday night near Atlanta, when an automobile went through a damaged bridge. Later reports were expected to add slightly to this total, as many were known to be marooned and suffering from cold and hunger.

Houses were swept away at West Point, Ga., by high waters that overflowed part of the town. The flood cut off the drinking water supply and 2,000 gallons was rushed by the Red Cross from Atlanta. Relief work was being pushed here to-day. Many persons were stranded around Montgomery and boats were being used for their rescue.

The industrial center around Columbus, Ga., was paralyzed and it was said that it would be nearly a week before the mills there would be able to resume operations.

The Chattahoochee river at Columbus reached 53 feet but was receding to-day. High water also was beginning to threaten Macon, Ga.

In Mississippi the Leaf river had overflowed bottom lands, rendering hundreds homeless and it was reported that hundreds of head of live stock had perished near Laurel. Railroad traffic had virtually stopped around that section. Only the main line of the Louisville and Nashville was being operated north of Mobile, that line being the only track passable to Birmingham.

High waters continued around Atlanta and convicts and volunteers were building dykes to protect the city water works.

A squadron of airplanes left the aviation repair depot at Montgomery, Ala., at daybreak to search for persons missing and believed marooned as a result of the flood.

One hundred and thirty persons are marooned at the Alabama convict farm near that city and the warden explained that unless assistance reached them soon the buildings probably will be swept away.

A stage of 55.5 feet was reached by the Alabama river at Montgomery with predictions for a crest at 58.5 feet, which will put the river in the Union depot.

Stops the Tickle.

Heals the Throat and Cures the Cough. HAYES' HEALING HONEY. 35c. A free box of GROVE'S O-P-E-N-T-R-A-T-E SALVE for Chest Colds, Head Colds and Croup with every bottle.—Adv.

Colds Cause Headaches and Pains.

Feverish Headaches and Body Pains caused from a cold are soon relieved by taking LAXATIVE BROMO QUININE Tablets. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.—Adv.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and back, and replacing such hollow and anemic by the soft, curved lines of health and beauty, there are evidently thousands of men and women who loathely feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should be put on flesh through the extra care in avoiding fat-producing foods.—Adv.

CAUTION.—While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should take extra care in avoiding fat-producing foods.—Adv.

If you are over-stout who remain so? Why be envious of those who are slender? Here is important news for you.

The Korvis system is accomplishing marvelous in healthful, speedy, pleasant reduction of men and women who have been for years burdened with fatness. Use oil of Korvis and follow the reduction system. No starving, no tedious exercises, no calomel or salts, a genuinely correct and delightful system. Endorsed by physicians.

Reduction 10 to 60 lbs. or more—whatever you require to get symmetrical figure—guaranteed on fair test, under \$100 forfeiture or no cost to you.

There's infinite joy in keeping a diary that shows your measurements gradually becoming smaller while you are improving in vitality, health and attractiveness. Bring happiness into your life and produce it by many means. Gain appreciation of others! Become slender and easily stay so!

You may obtain oil of Korvis at Druggists everywhere. Positively harmless. Brochure with convincing testimonials mailed, in plain envelope, free, you write Korvis Co., NK-49, Station F, New York.—Adv.

STARVATION STAVED OFF.

Lighthouse and Wireless Station Keepers to Be Fed.

Halifax, N. S., Dec. 11.—Keepers of lighthouse and wireless stations along the Strait of Belle Isle, who faced starvation because of the grounding of the steamer Aramoor, loaded with their supplies, probably will be provided with food by the government steamer Montcalm, which has succeeded in floating the stranded vessel.

"INVASION" OF U. S. PLANNED

By 50 Russian Bolsheviks and 150 Mexican I. W. W.

Tucson, Ariz., Dec. 11.—American officials on the Arizona border have been advised of the threatened invasion of the United States by 50 Russian Bolsheviks and 150 Mexican I. W. W.'s, it became known to-day, and the lack of adequate means of preventing the invasion is said to be causing concern.

BUNKER HILL FALLING.

Monument Falling Apart Declares Massachusetts Legislator.

Boston, Dec. 11.—Bunker Hill monument is falling apart, Representative James H. Brennan asserted during a debate in the House of Representatives yesterday. "There are many places," he said, "where there is no cement between the stones. Engineers say the monument must be reconstructed and rebuilt if it is to be saved. The approach to the monument is a disgrace to the state."

A Sensible Gift

A man lies gifts that he can use; something to wear is sure to please him.

We have assembled an unusually bright and snappy array of the things men buy for themselves—all conveniently arranged for your easy selection.

Step in and see how easy it is to choose something for each man or boy on your list.

Something you'll like and that he will like, too.

MR. SOLDIER FROM FRANCE

Have You Dyed Your Service Overcoat Yet?

Men's styles this year call for great, roomy Ulsters and Belted Overcoats, exactly like that good, warm service coat you brought back from France. You can get splendid results in dyeing these coats a rich, handsome navy blue or a rich brown.

And if you wish to depart from the regulation military collar, this can be done also. Even make it a dressy velvet if you like. And of course putting on new buttons, hemming the bottom, and otherwise making it look as good as many of this season's \$50.00 to \$75.00 models. And, oh, boy! what a difference in cost, for at the most but a few dollars and several days' time are needed to make this wonderful change.

Considering the small cost and amid these days of high cost of living, you cannot afford to lay these coats aside. Bring 'em to me, let me live 'em up.

I specialize in high-grade sanitary dyeing, cleaning and pressing.
